

## **Dessert Safari Adventures in India – Fun and Exciting experience**

Motaz Othman, Islamic Tourism Media  
Jaisalmer / Rajasthan / India

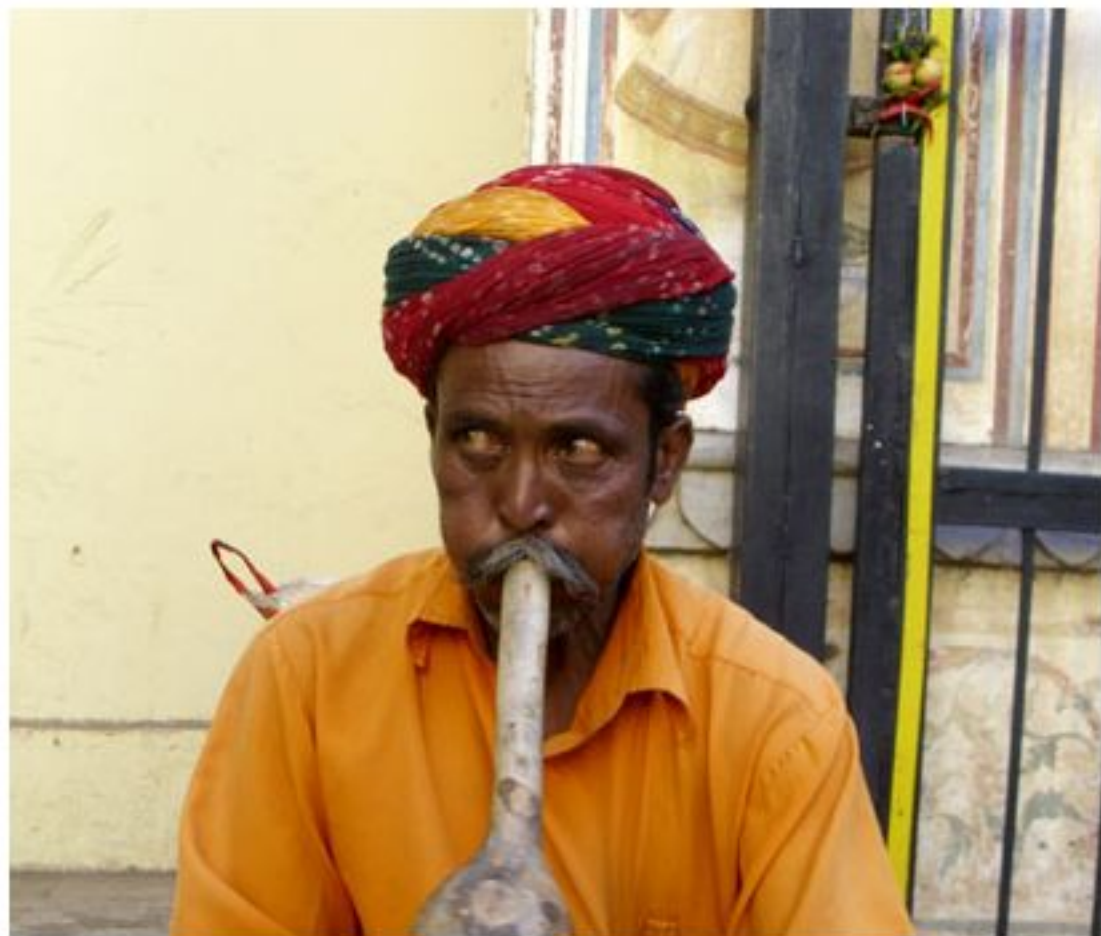

**India always impressed me, even after more than ten visits to this incredible country, each time I go there, I discover more attractions and return with wonderful memories.**

This visit was really fun and exciting experience in Jaisalmer dessert North West of India in Rajasthan State, the land of the king.

Close to the Golden triangle Delhi, Agra and Jaipur where past meet the present and where you can enjoy visiting the memorial site of Mahatma Gandhi, Jama Masjid,

Qutub Minar, Taj Mahal, the fort and Palace of Moghul Empire, the Bird Sanctuary Park, Jaipur Fort and Palaces and many other wonderful attractions. The latest attraction is the Sam Sand Dunes in Rajasthan, located 42 kms from Jaisalmer in the midst of the desert wilderness of the Thar Desert.

The Inauguration of India's first

ever International dune safari took place on the 27th of February in Jaisalmer under the patronage of Honorable Minister of Tourism India, Ms. Kumari Selja and Ms. Bina Kak, Honorable Minister of Tourism, Rajasthan with the attendance of dignitaries from India, UAE Government, Bollywood stars, Travel trade and

media partners from India and abroad, eTurboNews attended the event that starts with a visit to Jaisalmer city and it's commanding Fort etched in yellow sandstone stands with its entire awesome, splendor, dominating the amber-hued city, followed by a 30 kms towards the sand dunes of Sam, stopped to deflate the tyres of the

4 wheel cars, then proceed to the Sam Sand dunes where we experience the thrill of a lifetime roller coaster ride on the golden sand dunes, playing on the sands dunes, shooting photographs, and admiring the natural beauty of the dessert, followed by visiting Lama Heritage Village where the Inauguration took place.

Their Honorable Ministers addressed the audience, followed

by a speech from Mr. Kulwant Singh, managing partner of Lama Tours who welcomed his guests, then we enjoyed Camel rides, Soft drinks, Hubbly Bubbly, Music and Rajasthan Folklore, and buffet dinner.

India is a world of resplendent colors and rich culture locales, be it magnificent monuments, heritage temples or tombs. The country's ancient culture heritage

is inextricably linked to its technology driven present existence. The co-existence of a number of religions and cultures, together with an awe-inspiring topography makes it the perfect place for a complete holiday experience. India has the right tourism potential and attractions to captivate all types of tourists, whether they seek an adventure tour, culture exploration,

pilgrimages, visit to the beautiful beaches or the scenic mountain resort or simply a desert safari experience now which I really recommend it to all tourists and travelers around the world.

India's dune safari was really a wonderful and unforgettable experience with the hospitality of the kind people of India and friendly staff in Lama Tours PVT, Ltd, India.
